The Deaf and Blind Children's Centre, North Rocks, is owned and administered by **The Royal N.S.W. Institute for Deaf and Blind Children.** The Institute is the oldest children's welfare organisation in this country. The high level of support it receives from the community continually encourages the Institute to expand its services and add new Programmes as they are needed. The Institute has often led the way in Australia, pioneering new concepts in education and training to benefit deaf, blind, deaf/blind and multi-handicapped blind children in this State and the A.C.T.

It's a fact that one in fifteen Australian women develop breast cancer. And the biggest risk factor is age. Your best protection is early detection. If you're over 50 you should have a free screening mammogram every two years.

Screening mammograms are available around Australia at special centres which are part of the National Program.

All women should check their breasts regularly and see their doctor if they have a symptom.

If you're over 50 call 13 20 50 now for your free mammogram. And don't wait till you've finished this book to do it!

Ode to a bookmark

O Little bookmark
slim and slight
between the pages
closed up tight.

When at last
I douse my light
you guard my place
all through the night.

No matter where
that place may be
I know you'll keep it
-just for me.

Then in the morn
your squarish head
amidst the book
above my bed.

O little bookmark
slim and slight
working, working
through the night.
